## Certification & Regulations:

These Newfoundland Water Tests are sanctioned by the Working Dog Committee (WDC) of the Newfoundland Club of America and sponsored by the Penn-Ohio Newfoundland Club and all tests will follow the NCA's Water Test Regulations copyrighted in 1999 and updated in March 2018. Entrants are responsible for obtaining and reading the regulations governing NCA Water Tests. A copy of the official Water Test Regulations may be found on line at <https://www.ncanewfs.org>

## The Water Rescue Test

The NCA Water Tests are a series of exercises designed to develop and demonstrate the abilities of purebred Newfoundland dogs in an aquatic environment. NCA water tests demonstrate natural ability and skills acquired through training, and emphasize teamwork between dog and handler in simulated work and rescue situations. The ideal working relationship is a balance of controlled performance and natural independence. Dogs should display not only efficiency in accomplishing their tasks, but also willingness and enjoyment in their work.

### Site Description:

The test is held at Pymatuning State Park made up of approximately 10 acres adjacent to the Dam. Included are two beaches, a wooded area, a park pavilion, and a large grassy area. The woods are within 60 feet of the water's edge on the left side of the site and within 30-40 feet on the right side of the site. The test site has a sand and gravel beach approximately 100 feet wide and 10-15 feet deep with a grassy area between the beach and woods. Water depth increases gradually as you move in to the lake. The lakebed slopes from left to right as you face the lake and is mostly sand and rock near shore, changing to rocks or mud 20-30 feet from shore. At normal water levels, dogs begin to swim 15-20 feet from shore on the left and 10-15 feet from shore on the right of the site. The water becomes cloudy as dogs enter but quickly clears. The site has experienced strong breezes in the past, usually blowing left to right, but occasionally swinging directly to shore. Very strong winds have produced white cap waves of 3-12 inches in height.

## Exhibitors Notes

All exhibitors present at this event must be prepared to provide proof of vaccinations for all dogs present at the test site if requested by Pennsylvania State Parks personnel. If a license is required in its home state, owners must be prepared to present to Park personnel.

**EACH EXHIBITOR IS RESPONSIBLE FOR PROVIDING HIS/HER OWN WATER TEST EQUIPMENT, INCLUDING A U.S. COAST GUARD APPROVED PERSONAL FLOTATION DEVICE AND SUITABLE FOOT PROTECTION TO BE WORN IN THE WATER.**

**NCA & PONC Safety Observances** will follow NCA Policy on Out of Control Dog & Dog Aggression, NCA BOD approved 2023.11.11:

1. At all NCA Events dogs must be kept under control to prevent harm to itself or others. It is the owner/handler's responsibility to ensure their dogs are under control for the duration of the event.
2. Dogs must be crated or leashed and collared at all times, except when the dogs are required to perform off leash.
3. When on leash, the length of the leash must not exceed SIX feet and may NOT be a retractable leash.
4. Dogs should not be allowed to approach another dog without permission from the other dog's owner/handler.
5. Any dog that, in the opinion of the judges, event committee or designated safety officer representing the event, appears dangerous, shall be asked to leave the event promptly or be crated for the duration of the event and is excused from further participation in the event. Anyone who witnesses a dog appearing to be dangerous should bring their concerns to the judges, event committee or safety officer. Part of upholding good sportsmanship is to take action through the appropriate channels.

*Examples of out of control behavior would include but are not limited to:*

*Aggressive vocalization such as barking and growling, or aggressive behavior toward any person or animal such as snapping, biting, lunging, charging, attacking or attempting to attack at any time while on the test grounds.*

6. Owners and handlers are responsible for monitoring the well-being and safety of their dog(s). If left unattended the owner/handler must check on them frequently to ensure they are safe.
7. If the dog is excused from the test grounds for aggression, the automatic grievance policy of the NCA is enacted. If an injury to a dog or person occurs, the AKC Rules Applying to Dog Shows Ch 11, section 15 goes into effect. (References, chapter 2, section 14 in both water and draft regulations)

## Dogs Eligible to Compete:

The NCA Water Rescue Tests will be open to purebred Newfoundland dogs at least six (6) months of age. The word 'dog' in the NCA Water Rescue Test Regulations refers to either sex. All entered dogs must have an AKC/CKC registration number, AKC ILP/PAL number, foreign registration number, or AKC or foreign litter number.

**Bitches In Season or with Ovarian Sparring Spay:** Bitches in season or ovarian sparing spay will not be allowed on the test site until just prior to being judged, which will be after all other dogs are tested. When not being tested, bitches in season must be contained in a designated area away from the official test areas. If you are entering a bitch, do you anticipate she might be in season? As a courtesy, please inform the Test Chairperson or Secretary in advance.

**DOGS NOT BEING TESTED AT THE TIME** are not permitted in the official Test Areas during designated testing times.

**Spectators & Unentered Dogs:** Spectators, as well as, unentered dogs (bitches in season, see above), are welcome at the PONC Water Test. Unentered dogs will not be permitted in the official Test Areas for the duration of the judging day. Once all awards are distributed the site is open to all. As a courtesy to our exhibitors, we ask that all dogs be kept quiet and leashed or crated.

## PHOTOGRAPHY

**Photography & Release:** The photographers on site are **spectators and volunteers**. They have many other duties in addition to recording the PONC test for the club. **They are NOT required nor expected** to take photos of all dogs, divisions, exercises, or awards. If exhibitors or others want to ensure that photos are taken of their dog(s) during the test weekend, please designate a person to use your cell phone or other recording device. If **YOU** have a preference to **NOT** be photographed or the **PROXIMITY** of any photographer during your exhibition, please notify the Test Chair **PRIOR** to your testing.

Use of images and publishing of results: By entering this event, you hereby give your consent to publish and/or alter any and all photos and/or videos (hereby referred to as Images) taken of you or your dog(s) that are present during this event, whether they are entered as exhibitors or not, and you agree to waive any claim, action, lawsuit and further agree to indemnify and hold NCA, the host club, and any Judge harmless from claims, actions or lawsuit resulting from the use of these images and your participation in this event.
